

Welcome to Elgood's Brewery & Gardens

We are proud to be one of the oldest classic Georgian breweries in the country.

Still fiercely independent, the brewery has been owned by the Elgood Family for five generations, with members of the sixth generation already very much involved in the business.

During your visit, you can see the traditional brewing methods and original vessels in use, before sampling a selection of our prize-winning beers.

Behind the Brewery is a stunning four-acre garden with magnificent specimen trees, including some of the largest and oldest in East Anglia. A lake, a maze, in the shape of a yard of ale, planted with Thuja & Laurel, formal and informal areas offer our visitors a variety of interesting features.

In our Visitor Centre, we have a small but very interesting museum, featuring brewery memorabilia and items from the Elgood family history.

Our licensed bar offers a selection of our award-winning beers along with tea, coffee and cakes.

Shopping

In the Visitor Centre you will find a well-stocked shop offering gifts and souvenirs alongside our full range of bottled beers and beer-related items. There is also a plant sale area offering plants grown by our own gardeners, where visitors can purchase a little piece of our garden to take home.

Our outlet shop, located in the main Brewery Reception is open 9am to 5pm Monday to Friday all year round (except public holidays). Here you can choose from our full range of beers in bottles, mini-kegs and polypins to take home and enjoy.

If you can't make it to Wisbech, take a look at our on-line shop for our home-delivery service.
